

Accountable Managers and Nominated Persons Seminar

Tuesday, 5 November 2019
09:00 - 17:30

swiss aeropole
Aéropôle 132
1530 Payerne

Accountable Managers and Nominated Persons within any business aviation organisation face an enormous challenge because of rapidly changing regulations and the growing complexity of managing an aviation business.

Although the requirements of an Accountable Manager or Nominated Person are well defined, there are only few opportunities to acquire or refresh those skills.

The goal of this seminar is to improve and update the knowledge and skills of Accountable Managers and Nominated Persons, and to answer any questions.
